The AutoDJ Radio Station will stream and rotate your mixtapes, albums and/or recorded radio shows through an embeddable flash player. Simply upload your mp3 files to your radio station, then copy and paste radio station player code in Web Sites and social networking profiles and watch your audience explode!

Copy/Paste Embed Code

Your radio station player comes with *copy/paste* code that can be embedded virtually anywhere on the Web that permits flash.

Superior Sound Quality

When your listeners click the play button on your flash player, they will experience CD quality sound streaming through their browser.

4 GB Storage Space & Unlimited Bandwidth

4 GB means we give you enough capacity to give you enough capacity to store days of music on your player. You have unlimited bandwidth which means we do not restrict you to a specific amount of streaming bandwidth. As we expand and grow our resources, we share it with you!

Up to 200 Simultaneous Listeners

Up to 200 listeners can be connected to your radio station at the same time; each receiving a high quality stream. As your audience grows, we can expand your simultaneous listener capacity for a nominal fee.

Consulting & Support by DJ's
